

A 5-DAY PRAYER GUIDE

# ***Praying for God's Mission in East Asia***

## **Day 1 \_ A Growing Church**

The church is growing quickly leaving some regions with as few as 1 pastor for every 10,000 Christians. Pray for God to raise up new workers to help in these ripe harvest fields!

## **Day 2 – New Believers**

Pray for strength, courage, and spiritual protection for local brothers and sisters in Christ as they minister to friends and neighbors and to their own families who often do not believe. Pray for wise teaching and discipleship to strengthen and mature new believers in the faith.

## **MCN Mission Partners**

Mission Partners serve with local churches, schools, and organizations in East Asia – living and working in some of the worlds' largest cities with small but quickly growing Christian populations.

## Day 3 – Government Leaders

Pray for benevolent and moral government leaders who care for their people well and seek justice and mercy.

## Day 4 – Mental Health

Pray for mental and emotional health for people continuing to deal with Covid-19 pandemic related stresses, anxiety, lockdowns, and isolation.

Jesus said, "The harvest is plentiful, but the laborers are few; therefore pray earnestly to the Lord of the harvest to send out laborers into his harvest."

**Matthew 9:37-38**

## Day 5 – Open Hearts

Pray for local people who are curious to know God more but feel hesitant due to their upbringing or familial ties. Pray that God would tear down barriers and open their hearts to the Gospel.
